### Meet May & her friend Ann!

May is a PAT dog, which stands for pets as therapy. It's a national charity founded in 1983. It is unique in that it provides therapeutic visits to hospitals, hospices, nursing and care homes. Sick patients often feel isolated and even the most withdrawn seem to open up and let their barriers down when their regular PAT dog is around. These animals bring everyday life closer and with it all the happy associations for them of home comforts. The constant companionship of an undemanding animal that gives unconditional love is often one of the most missed aspects of their lives.

### Notes from our garden

Blast from the past ~

Taking inspiration from Ground Force's best bits. This lead to a really good reminisces of how our residents used to have their own gardens.

The Ladies had a good old fashioned Gossip in the Garden, which to tell would be a breach of confidentiality.

We had a good laugh having our horoscopes read from the papers by Mystic Meg.

We also did Guided Imagery, we've had our first two sessions this month! We relaxed and enjoyed 'A message in a bottle' and 'The Night Sky'.

The weather this month has enabled us to spend lovely sunny mornings and afternoons in our garden.

### Congratulations to our Artist of The Month Thomas Roberts!
